TABLE OF CONTENTS

CHAPTER 1: INTRODUCTION	1
Accounting – Information system	1
Manager and the management accounting	3
Planning and Control	5
Cost Control, Cost Reduction, and Cost Management	9
CHAPTER 2: COST ACCOUNTING TERMINOLOGY	13
Cost, Cost Object, and Cost Unit	13
Direct and Indirect Costs	18
Cost Centre and Cost Elements	22
Cost Behaviour	31
Costs Relevant in Decision-Making	51
Costing Methods	55
CHAPTER 3: COST SHEET – ABSORPTION AND MARGINAL COSTING	61
Gross Profit, and Contribution	61
Product Cost and Period Cost	63
Cost Sheet	66
CHAPTER 4: MATERIAL COST AND EMPLOYEE COST	87
Accounting for Material Cost – General Principles	87
Cost Formulas	89
Inventory Management	95
Just-in-Time	101
Accounting for Employee Cost	104
Employee Turnover Rate	106
CHAPTER 5: OVERHEADS ACCOUNTING – CONVENTIONAL METHODS	113
Overheads Classification	113
Accounting For Production Overheads	114
Capacity Levels	131
Accounting For Some Specific items of Production Overheads	133
Administrative, Selling, and Distribution Overheads	135

CHAPTER 6: OVERHEADS ACCOUNTING – ACTIVITY-BASED COSTING 145
Deficiencies in the conventional system 145
Activity-Based Costing – Fundamental Principles 153
Activity-Based Cost Management 169
Activity-Based Budgeting 170
CHAPTER 7: SHORT-TERM PROFIT PLANNING – C-V-P ANALYSIS 183
C-V-P Concepts 183
C-V-P in Multi-product Situations 188
Break-Even Charts 189
Sensitivity analysis 191
CHAPTER 8: SHORT-TERM DECISION MAKING: MARGINAL COSTING 207
Introduction 207
Product-mix Decisions 208
Outsourcing Decisions 213
Decision on Manufacturing Method 221
Shutting Down Decisions 222
Marginal Cost and Product Pricing 223
CHAPTER 9: DECISION-MAKING – RELEVANT INFORMATION 235
Introduction 235
Incremental Cost and Differential Cost 239
Outsourcing Decisions 242
Special Order 248
Decision to Continue or Abandon a Project 262
Processing of Joint Products 264
Product Mix 265
CHAPTER 10: STANDARD COSTING 301
Introduction 301
Purposes and Advantages of Standard Costing System 311
Setting Standard Costs 312
Standard Hour – Variance Ratios 313
Cost Variances 315
Direct Material Cost Variances 316
Direct labour cost variances 325
Variable Overheads Variances 331

Fixed Overheads Variances	334
Revision Variance	342
Sales Variances	343
Standard Cost Bookkeeping	354
Treatment of Cost Variances in Accounts	362
Investigating Variances	363
CHAPTER 11: BUDGET AND BUDGETARY CONTROL	389
Introduction	389
Corporate Plan	393
Budget Fundamentals	395
Budgeting Process	398
Preparation of Master Budget	401
Other Budgets	414
Administering the Budget	417
Responsibility Accounting	418
Budget Types	419
Criticisms of Budgeting	422
CHAPTER 12: RESPONSIBILITY CENTRES AND TRANSFER PRICING	437
Responsibility Centre	437
Performance Measurement	440
Divisional Performance Measurement	442
Transfer Pricing: Basic Principles	445
Transfer Pricing Methods	447
General Transfer Pricing Rule	451
International Transfer Pricing and Tax Considerations	453
CHAPTER 13: PRICING DECISIONS	475
Introduction	475
Setting The Price For The First Time	475
Economic Theory of Pricing	478
Product Cost For Pricing Decisions	480
Cost-Based Pricing	481
Price Discrimination	483
CHAPTER 14: STRATEGIC COST MANAGEMENT	499
Introduction	499

Value Chain Analysis 501
Cost Driver Analysis 509
Target Costing 512
Life Cycle Costing 518
Theory of Constraints 520
Balanced Scorecard 522
Cost of Quality Report 527
CHAPTER 15: SPECIFIC ORDER COSTING 531
Job Costing Method 531
Batch Costing 540
Backflush Costing 542
Contract Costing 544
CHAPTER 16: PROCESS COSTING AND OTHER COSTING METHODS 567
Process Costing 567
Service Costing (Operating Costing) 589
INDEX 619
